Basquetbol definicion pdf

DEFINICIÓN DE BASQUETBOL

El basquetbol es un deporte de equipo que se juega en un espacio cerrado llamado cancha. Se juega con un balón que se lanza al aro y se trata de introducirlo en el canasto.

ORIGEN DEL BASQUETBOL

El basquetbol fue inventado en 1891 por el profesor James Naismith en el gimnasio de la Universidad de Springfield, Massachusetts. El objetivo era crear un deporte que se pudiera jugar en invierno cuando no se podía salir a jugar fútbol o béisbol.

DESCRIPCIÓN DEL DEPORTE

Se juega en una cancha rectangular que mide 28 metros de largo por 15 metros de ancho. Hay dos canastos en cada extremo, uno a cada lado del tablero. El balón se lanza desde el tablero y se trata de introducirlo en el canasto. El jugador que lanza el balón se llama tirador y el jugador que recibe el balón se llama receptor. El jugador que defiende al tirador se llama defensor.

REGLAS BÁSICAS

El juego se divide en dos mitades de 20 minutos cada una. Hay un descanso de 15 minutos entre mitades. El tiempo de juego real es de 40 minutos. Hay un tiempo de descanso de 10 minutos entre cuartos. El tiempo de juego real es de 48 minutos. Hay un tiempo de descanso de 15 minutos entre cuartos. El tiempo de juego real es de 48 minutos.

EL BASQUETBOL EN EL MUNDO

Distance from the 3-point line to the edge of the court 0.90 meters. If a field shot is made inside the perimeter, it is worth 2 points. The rmino is born from the English basketball, basketball means basket and ball ballá'n. Advertising Advertising The objective of the basketball player is to introduce the ball in the basket, for this reason the name of Basketball. Back pass is carried out by detriment of the back, with the hand contrary to the site where the player who will receive the ball. Distance from board to the bottom of the court: 1,575 meters. But it was until 1936 when it became an olympic category and the professor could see his sport to be part of the Berlíámpic Games. The game has a duration of approximate 40 minutes, 10 minutes of rest and relief players to replace the injured or sanctioned. The United States controlled international basketball until the year 1972, when they were defeated by the unique sovine They were first grouped in a team called the Dream Team and authorized to represent the US, being the best team, so that they ended up dominating the Olimpiáico tournament of that year. Ballon the balloon that is used in this sport is a spherical ball, usually orange, its manufacture is of different materials, according to it is used if it is for inner or exterior or exterior basketball. In each half of the court are the free kick areas, which are 5.8 meters from the background line and 4.6 meters from the hoop, the area where the player is located to make the foul shot, it has a diameter of 3.6 meters as well as the middle of the court. It also has a three-point line, located at 6.75 meters (FIBA) and 7.24 meters (NBA) away from the hoop. Ballon is taken with both hands, he approaches the body and having it The height of the shoulders is thrown to the board. Professional basketball at the professional level, two teams of 5 players each face each other, numbered from 4 to 15. Single in suspension is executed in the air while the athlete jumps and throws the balloal to the basket. Interior positions are those that are developed from spaces very close to the hoop, to an approximate distance of 4 or 5 meters. The game is divided into two times of 20 minutes each and a 10-minute break. Double step is executed when it is and a half of the board. Basketball History This sport was created in the US Matte is the way to turn up the ball with the hands inside the basket a short distance. Female category, model 6a measures 72 and 73 cm, weight 510 and 567 grs. The athlete throws the ball at the basket without anyone standing. Other measures established by FIBA on basketball courts are: Length 28 meters. In a short time, basketball arrived in Europe and demonstrative games were held at the 1928 Olimpicos Games in Amsterdam and in the oilpers of the áfängeles in 1932. The game is divided into two periods of 20 minutes and a 10-minute break. Frequently questions about basketball is a famous sport worldwide, it consists of two teams of 5 players each and consists of locking the most of times the ball in the hoop to win. 5th small small and measures 69 and 70 cm, weight 470 and

510 grs. If a player protests or insults an árbitro, ágea © this will have the right to whistle a foul. In the center of the court he has a cá árculo with a diameter of 3.6 meters. Basketball World Cup (male and female) World Basketball Championship U-19 World Basketball Championship U-17. Kobe Bryant, with 5 ties. They tend to be offensive actions to achieve annotations. When a player retains the ball for more than 5 seconds, without bouncing or throwing commit the infraction called retention. In the day of 1920, basketball was already in the first international games and in 1950 the first world world championship in Argentina was celebrated. Punctuation The valuation of the points is uniform, but they are distributed as follows: converting a free kick is 1 point. Chest pass is to receive the ball at chest height, slightly separating the elbows and pointing with the thumbs to throw the ball with a step forward and using the body to guide the ball. Basketball according to the International Basketball Federation (FIBA) is played on a hard, completely flat, rectangular and obside platform without the aforementioned measures. The main basketball league of the United States is the Basketball Association of America, currently bears the name of National Basketball Association (NBA), this arises after the fuse of several clubs of the National Basketball League League league. Larry Bird, with 3 ties. The positions of the basketball game are divided into two groups, interior and exterior. FIBA game are played four quarters divided into four days of 10 minutes each, in the NBA basketball four rooms of 12 minutes each are played. This lack also can be extended to banking. Wilt Chamberlain, with 2 ties. Láfáneas must have a thickness of 5 centaveles. The late female category is aimer. A player commits 5 fouls will be taken from the game. Song according to the FIBA The official measures that a basketball court must have are: 28 meters long x 15 meters wide, approximately 92 x 49 feet. This sport has worldwide fame from the 1928 of international equipment, example, NBA or FIBA. To practice this sport, it is necessary to use a roofed court and with special characteristics such as measures, grated, boards, among others. Read more than 3 -point amateur amateur volleyball: 8,325 meters of the background. Failure according to the rules of FIFA and NBA, the following actions are fouls: if a player is fiercely attacked by another player of the opposite team, this will be qualified as an unsportsmanlike offense. If a field shot is made outside the perimeter is worth 3 points. Defense The defense is executed between the attacker and the ring, flexing the knees slightly to perform lateral displacements to try to steal the ball and avoid a pass or basket of the opposite team. Basketball was a sport that became very popular in the United States, with rings made of metal with hanging and bottomless networks, in addition, the boards where the hoops arose. In 1891, by the Canadian Professor of Education Physics James Naismith. It is divided into two equal parts, by a half -field line. Three years after the female basketball in Chile. The intention of him was to invent an appropriate game to exercise on the covered track during the winter. Reading more is a rectangular surface with boards and rings on the sides of lower width, with ceiling and measures 28 meters long and 15 meters wide. The exterior game are the plays that take place in distant spaces, that is, more all of the 6.75 meters line. The most famous players throughout the league are: Bill Russell, with 11 ties Michael Jordan, with 6 ties. The goal is to win the game and it is done by the most points scores through baskets. Shaquille oá e á e "neal, with 4 ties. Advertising Basketball rules This game has a series of rules, from the positions of the The basketball uniform to the measures of the basketball court that would be explained below: players according to the current rules imposed by the FIBA and the NBA to play, both teams must be composed of twelve players, But if five can play on the court. Advertising Advertising Basketball teams are recognized worldwide since 1928 and basketball player is one of the best paid athletes, after soccer players. Male category, Model 7a Measures 75-78 cm, Weight between 567 and 650 grs. Pass the ball Receive it Compañá ± ero. If the player receives the ball and lifts his feet from the ground before the rebound, he will commit the infraction called steps. Free kick runs when there is a lack of another player. Hook known as a basket launch, the player throws by placing his hand under the ball and flexing the elbow, so that he can throw it above the head at the time of jumping. The most important competitions of this sport are: basketball tournament of the Oláfámpicos Games. Read more with 5 players of each team on the court, you must make more annotations that the opposite team to achieve victory. Magic Johnson, with 5 Tim Duncan ties, with 5 ties. It is important to use positions and passes so that the annotations are life. Fundamentals of basketball In addition to the rules, this sport has spatial foundations that basketball player must comply with. Kareem Abdul-Jabbar, with 6 ties. Basketball increased their popularity in the early 1900s, when foreign students of Springfield spread the game. In each half it has a hoop, located in the background, located on the court at 1.2 meters. Its weight and it depends if it will be destined for a children's league, for a male or female bove. Over the head, the ball is attached above the head, with both hands it is thrown and at the same time it takes a step forward. Rebounds it is about having the ball after a shooting or free field launch. The area located under the basketball board is called a foul shooting zone, rectangular, located at the bottom of the court and the middle of the board with dimensions of 3.6 meters wide. Junior category. Width 15 meters. In each of the halves and outside the courts are located the banks where the alternate players are placed. Initially, Professor James Naismith made the games with 18 players, since this was the number of students that he had in his class, then he reduced them to seven and ended up being five players. It runs, holding the ball with both hands above the shoulder then extends the arm and with a blow of mué ± eca the ball is thrown. Basketball is a sport played in teams of five players each with the purpose of brillianting the ball and getting the greatest number of points to win. What is the basketball of this time is defined as a competitive team play winner. Read more thanks to Professor James Naismith, who wanted athletes to exercise and practice different sports on a field with a roof in winter. Passes consists of passing the ball to another member of the same team. The interior and exterior basketball positions groups are formed as follows: Interior positions: base (the player who covers this position is the one who directs the game), escort (it is a position between the base and the eaves) And eaves (he is the most corpulent outside player, it is but not as much as the base and the escort). Read more James Naismith, a professor of education of Canadáá syntics. LeBron James, with 3 ties. Then, basketball extended quickly by amáge and Europe. BOVE PASSING IS USED TO BEGINS A CONTRECATOQUE. External positions: Ala-Pivot (play from the interior medium distance spaces) and pivot (it is the large and strong team of the team). Running the basket are the types of launches executed during the game. Central cycle (diameter): 3.6 meters. The score is based on each annotation, if it is free the value is 1 point, within the 6.75 line it has the value of 2 points and 3 points when the annotation is out of the 6.75 line. 6.75.
